

## **Goals Night Assignments (Due Sept 9, 2021)**

Objective: Provide parents with an overview of 1) the state of the campus from the principal; 2) counseling updates from the counselor; 3) COVID-19 updates from the nurse; 4) library updates from the librarian; and 4) courses from the teachers.

### Assignment:

- Create a Goals Night presentation that is **pre-recorded** and can be viewed by parents.
  - Provide the link and meeting ID/passcode in the table below. (if sharing from Google Drive, share to "Anyone with the link")
    - Do one pre-recorded video for each subject you teach
    - Videos must:
      - Show you dressed to impress!
      - Be 5-10 minutes long
      - State expectations for students
      - Offer advice for how parents can best help their students at home
- Create a Zoom meeting scheduled for Sept 13 at 6:30.
  - Provide the link and meeting ID/passcode in the table below.
    - In this meeting you will go live at 6:30pm on Sept 13 and let parents in and out of the meeting for a live Q&A session.
    - If you teach more than one course, you will still only do and share one live Zoom link.
- Upload your syllabus to this assignment (include all of them if you teach more than one course).
  - The file must be a PDF.
  - The file must include your -
    - Contact information
    - Grading guidelines
- Use the Google Slide message attached in this Google Classroom assignment as a screenshare background during your live Zoom on Sept 13. Feel free to make it look prettier, but use the content or make your own in a similar fashion.
  - Purpose - as parents "arrive" for the Zoom, we will inevitably have some that did not watch your pre-recorded message and may be confused that you are not giving a formal presentation.
    - This screenshare will:
      - let them know what class's Zoom they are in.
      - provide your contact info.
      - tell them where to go if they did not watch the pre-recorded message yet.
      - hopefully minimize how much you have to repeat, "Please watch the pre-recorded message. . . "
